

**For Sale – 2002 Chevy Suburban LT 5.3L 4x4 (just under 71,000 miles)**

The Rockerville Volunteer Fire Department is upgrading to a new utility vehicle, and therefore we are selling the Chevy Suburban that we currently utilize as our utility vehicle. It has a tan leather bucket/captain seats in the front and back. We currently have an extendo bed in the far back of the vehicle. The extendo bed can remain or be replaced with the original bench seat to provide for 3<sup>rd</sup> row seating. We also have the original OEM center console and carpeting. Currently the unit has an all rubber floor in it for easy cleaning. It also has power windows, power Locks, tow package, and A/C.

The Rockerville-related logos and lettering will be removed from the vehicle, as will the emergency lights, radio and aftermarket center console. The chevrons on the rear of the vehicle will remain as will the yellow stripe at the bottom of the doors. The grill guard will also remain with the vehicle.

This Suburban will be available around the end of July, as our new utility should be complete by then.

Price: \$7000 OBO

Call: Gail Schmidt, 605-484-3705 or Gary Sortland, 605-381-2694 for more information.
